2013-2014

SkyScanner, trip.com

2013-2018

BitRaptors

2017-

Csaba and Gabor were involved in two successful exits at Distinction and Skyscanner. Dani was one of the first designers at Prezi.
We've all worked on outstanding products used by hundreds of millions.

In 2017 we founded BitRaptors, to offer our learnings to clients.

Our expertise

iOS and Android

Swift | SwiftUI | Combine | RxSwift
Kotlin | Java | Coroutines
RxKotlin

Product

UI/UX | Branding | Prototyping
Research | Analytics | MixPanel
Python | Firebase | Linear | PM

Web

PostgreSQL | MongoDB | Node.js
TypeScript | Express.js | AWS
Next.js | Kafka | Redux | Tailwind

And many more... We also love to learn.

How do we work

We prefer to work as a **functional team (PM, Dev, Designer)**

Integrated to client's team as **equal partners**

Constantly **learning** from each others.

Exploration → MVP
